

Business Administration Program A.A. Degree

Accounting Option

This program is for students planning to transfer to four-year colleges to earn Bachelor's degrees with accounting or financial concentrations and to sit for the Certified Public Accountant examination, when eligible. Bachelors of Accounting may work in finance, banking and commerce or they may go into business for themselves. This option couples accounting and business management courses with the general education studies required to transfer to four-year colleges.

NOTE: Four-year colleges accredited by the American Collegiate Schools of Business may require demonstration of proficiency for selected 200-level courses.

Graduates of this program will be able to:

- Analyze economic events of a business entity
- Communicate economic events in the form of a general purpose financial statement including:
 - income statement
 - net earnings statement
 - balance sheet
 - cash flow statement
- Demonstrate ethical/professional responsibility in the analysis and disclosure of an entity's economic event

Requirements

General Education - 45 credits as described on page 51 of the Catalog.

The following general education courses are recommended for students choosing this program.

(Credit hours listed with each course)
