BPI Certification: Building Envelope Professional (BEP)

November 16 – 20, 2009

Take the next step in Building Performance Institute (BPI) training with certification as a Building Envelope Professional. The BEP has a deeper understanding of a building's envelope—the shell—and its interaction with other systems of the building.

Through classroom sessions and field experience, obtain hands-on training in measurement and verification of a building's performance, as well as training in installation techniques, BPI national standards and project specifications. The ultimate goal is the optimization of the building's envelope for energy efficiency. Fee includes preparing for the written and field tests, materials, testing, scoring and reporting. 5 SESSIONS

Dates and times: Monday through Friday, November 16-20, 8:30 am-5 pm

Instructor: Charles Goldate, technical services manager, EAM Associates

Fee and code: \$1,195, XBUSS 039W

Refund policy: A \$15 processing fee will be deducted from all refunds. Our refund policy regarding cancellations is the following: 10 or more days before the beginning of class, 100% refund of full course fee; 9-5 days before the start of class, 50% refund of full course fee; less than 5 days before class start date no refund. There are no refunds for trips, ticketed events and specified training programs. Only under extreme, extenuating circumstances would an appeal be considered beyond that point. Registrants requesting an appeal must do so in writing, stating their reason, providing supporting documentation (i.e., medical note from doctor, accident report, etc.) and include course name and start date.

To register: Call 732-224-2315
